

The Big Bottle Drive Rally

A bottle drive to raise **\$2,800,000** for the Alberta government to replace the cuts to essential services for people with developmental disabilities in the Edmonton area

7:00 – 8:00 PM
Thursday, January 14th

McDougall United Church
10025 101 Street

Premier Stelmach cut \$180 million in government liquor tax revenue last July. Now the government wants \$2.8 million taken away immediately from programs for people in Edmonton with developmental disabilities. They have indicated they plan even more cuts from these vulnerable Albertans in the February budget.

Vulnerable Albertans are asking Edmontonians to come to the Big Bottle Drive Rally to show your support and learn the facts about the cuts to programs and services for people with developmental disabilities.

Bring your bottle returns and messages to Premier Stelmach to stop these cruel and unnecessary cuts.

Premier Stelmach will get them, read the messages and get the deposit to offset the PDD cuts.
